

**IOWA DEPARTMENT OF TRANSPORTATION**

To Office Bridges and Structures Date May 1, 2011  
Attention All Employees Ref No. 521.1  
From Gary Novey  
Office Bridges and Structures  
Subject Revision of the English H30-06 Standards.  
(CADD M0208)

Electronic copies are available in the following Office of Bridges and Structures standard directory **W:\Highway\BridgeStandardsBridges** and on the Internet:

<http://www.iowadot.gov/bridge/standard.htm>

The revised standards are located on the Bridge Web site.

- Standards H30-09-06, H30-10-06, H30-15-06, H30-16-06, H30-22-06, H30-23-06, H30-29-06, H30-30-06, & H30-43-06 were revised due to a change in length of the 6d2 bar on standard H30-43-06. The bridge lengths affected by this change are the 201'-4, 213'-10, 226'-4, and 243'-0 bridges. The 6d2 bar length change resulted in the reinforcing steel weights changing in the Estimated Quantity tables and Reinforcing Steel bar lists on the standards included in this revision.

For any questions, please check with Stuart Nielsen or Thayne Sorenson.
