

IOWA DEPARTMENT OF TRANSPORTATION

To Office Bridges and Structures Date May 1, 2014
Attention All Employees Ref No. 521.1
From Gary Novey
Office Bridges and Structures
Subject Correction of the English Single Culvert Standard 1044.
(CADD M0357)

Electronic copies are available in the following Office of Bridges and Structures standard directory **W:\Highway\Bridge\Standards\Bridges** and on the Internet:

<http://www.iowadot.gov/bridge/standard.htm>

Standard 1044 has been corrected to add the bar labels k9 and m9 bars to the PART LONGITUDINAL SECTION shown inside the border outline and a similar detail shown outside the border outline. The reason to add these bars is to be consistent with the bar arrangement of placing these bars at the end of barrel sections as shown on the English Signed Single Culvert Standard RCB G2-12.

For any questions, please check with Stuart Nielsen or Thayne Sorenson.
