

$\text{E}$  is  $\text{C}$  of roadway, dike, survey, or other as detailed on the plans.

Use when specified. This type of inlet assembly may be substituted for the inlet apron shown on drawings of standard type drainage structures.

- ① Refer to the following:  
 DR-201 for circular concrete.  
 DR-202 for low clearance concrete.  
 DR-203 for circular metal.  
 DR-205 for circular concrete with end wall.  
 DR-206 for low clearance concrete with end wall.

- ② See DR-142.

Possible Tabulation:  
104-3
