
Removing Intakes, Manholes, or Utility Accesses

Design Manual

Chapter 4

Drainage

Originally Issued: 09-13-12

Revised: 06-25-19

This section presents information related to removing intakes, manholes, and utility accesses. Article [2510.03](#) of the Standard Specifications covers intake and utility access removal. Therefore, a 2510 bid item is used for intake and utility access removal, including manholes. Quantities are tabulated on Tabulation [110-15](#). If needed, the Remarks column can be used to further describe the object being removed.

Chronology of Changes to Design Manual Section:

004A-013 Removing Intakes, Manholes, or Utility Accesses

6/25/2019	Revised Updated hyperlinks. Updated header logo and text.
6/12/2018	Revised Corrected header and fixed broken hyperlinks.
