

RAMPING UP FOR THE FUTURE

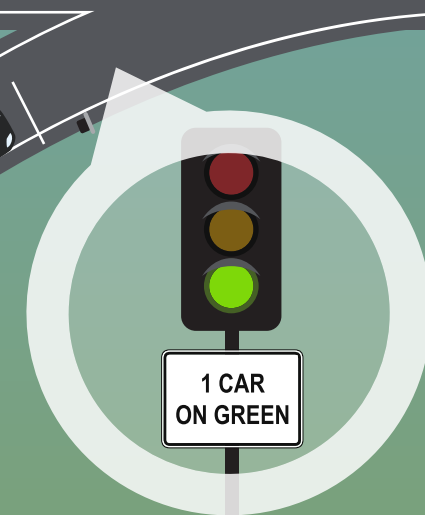

1. Stop on **red**.

2. Proceed on **green**.

3. Proceed with caution when flashing **yellow**.

Overall, freeway crashes decrease by **41%** when **ramp meters** were operational.

By only allowing one vehicle to enter the freeway at a time, ramp meters balance traffic flow and different speeds.

90% of the crashes on I-235 during the peak hours are rear-end and sideswipe crashes.

Ramp meters increase freeway capacity by **3%**.

What's in it for you? Ramp meters reduce congestion and drive times!
